

Nerve Slavery

It is present-day conditions—heaping burdens of work upon the nervous system that tells the story—premature breaking up of health.

It tells why so many men and women, who so far as age is concerned, should be in the prime of health, find themselves letting go of the strength, the power, the vitality they once possessed. It is because that great motor power of the body, nerve force, is impaired. Neither will the heart, the brain, the liver, the kidneys, the stomach act right without their proper nerve force supply. Let any organ be lacking in this essential and troubles begin—some of them are:

Throbbing, palpitating heart.
Sleepless nights.
Sudden startings.
Morning languor.
Brain fog.
Inability to work or think.
Exhaustion on exertion.
Flagging appetite.
Digestion slow.
Food heavy.
Easily excited, nervous, irritable.
Strength fails.
Loss of flesh and muscular power.
Settled melancholia.

The above is the genuine package of Dr. A. W. Chase's Nerve Pills, are sold by dealers or Dr. A. W. Chase Medicine Company, Buffalo, N. Y.

NOTHING TO SAY

J. P. Morgan Refuses to Move Toward Settlement of Strike.

A CONFERENCE IS HELD

Governor Stone of Pennsylvania Makes An Effort to Move the Magnate to Action.

He Returned to Harrisburg, However, Having Accomplished Nothing.

New York, Sept. 10.—Gov. William A. Stone of Pennsylvania, who came to this city and made an effort yesterday to see what could be done toward settling the anthracite coal strike, returned to Harrisburg last night without apparently having been able to accomplish a settlement.

There were rumors abroad that the governor's visit had results, but George W. Perkins of J. P. Morgan & Co. denies that there is any changed situation. Word to the same effect was received by long distance telephone from President Truesdale of the Delaware, Lackawanna & Western railway, who is out of town.

Gov. Stone was accompanied to the city by Attorney Gen. Elkin of Pennsylvania and Senator Flinn of Pittsburgh. The three held a conference of several hours' duration with P. A. B. Widener of Philadelphia in the offices of the United States steel corporation. After the conference had lasted an hour Mr. Widener went to see J. P. Morgan at the latter's office and asked him to use his influence to end the strike. Ten minutes later he returned to his fellow conferees and told them that Mr. Morgan had declined to interfere.

Gov. Stone was asked what progress toward a settlement had been made during the conference and whether any direct communication had been had from Mr. Morgan. To these questions he answered that he had nothing to say beyond what was contained in his statement, and that the other parties to the conference had also been pledged to silence.

President George F. Baer of the Philadelphia & Reading, President W. H. Truesdale of the Delaware, Lackawanna & Western and President Thomas P. Fowler of the New York, Ontario & Western had an informal conference. After it was over President Fowler said that the situation had been gone over thoroughly in an informal way. Mr. Fowler emphatically declared that there was no change in the attitude of the operators and that nothing could end the strike but the unconditional surrender of the striking anthracite miners.

Mitchell Denies It. Wilkesbarre, Pa., Sept. 10.—President John Mitchell of the United Mine Workers of America last night denied in the most emphatic terms that the coal miners' strike had been declared off. "You can quote me in the strongest terms," he said, "that the strike is still on. I have received no proposition from the other side, and I have made none to the operators. All I know of any negotiations to end the strike I have read in the newspapers. The strike is still on and will remain so until declared off by the mine workers in convention. It is up to the operators."

Same Old Attitude. Scranton, Pa., Sept. 10.—General Superintendent Rose of the Delaware & Hudson Railroad company's mine department says that he has no knowledge of any negotiations which could possibly lead to a settlement of the strike this week, next week or any other definitely determined time. He said that the Delaware & Hudson company stands in exactly the same position as it did in the beginning of the strike, and had no intention of offering any concessions.

Women's Deadly Quarrel. Bloomington, Ill., Sept. 10.—Mrs. Joseph Leslie, jealous of Daisy Carlton, a waitress, to whom Mrs. Leslie fancied her husband, a cook at a local restaurant, was too attentive, was shot and instantly killed last night by the Carlton girl. Mrs. Leslie met the girl on the street and attacked her with a buggy whip. The girl was armed and, firing one shot from her pistol, severed Mrs. Leslie's jugular vein. She then went to police headquarters and gave herself up.

Mysterious Case. Kansas City, Mo., Sept. 10.—The body of George S. Randall, a well known druggist of this city, who disappeared mysteriously a month ago, was found yesterday two blocks from his home in a populous part of the city, where it had lain obscured from view by a clump of weeds. The decomposition of the body makes it difficult to ascertain the cause of Randall's death.

Self Defense. Marion, N. Y., Sept. 10.—Jim Crowder, a young man, shot and killed his brother-in-law, White Martin, 45 years old, with a shotgun at Crittenden Springs, six miles from Marion. Crowder claimed that Martin was intoxicated and attacked him. The coroner's jury declared Crowder blameless.

WILL GET TOGETHER

Candidates and State Republican Committee to Talk Things Over.

Indianapolis, Sept. 10.—A call was issued today by Chairman Goodrich for a meeting of the Republican state committee next Wednesday. The candidates on the state ticket will meet at the same time. This will be the first meeting of the committee and candidates for several weeks and it will probably be the last until a few days before election. The situation is already gratifying to the leaders, but there are a number of important routine matters for consideration. It is probable some additional arrangements for the speaking campaign will be considered. The work for the candidates is now being mapped out. Chairman Goodrich hopes to have definite word from Senator Hanna by Wednesday, in which case arrangements for his speaking tour will be discussed. The itinerary of Secretary of Treasury Shaw, Senator Dilliver and others who are coming, may be discussed. However, Chairman Goodrich, with his usual reticence, is not advising what the committee will do, as he is a firm believer in the old saying that it never does good to hunt quail with a brass band. Last night the executive committee of the Republican Editorial association met with Chairman Lockwood of the press bureau and Chairman Goodrich. The Republican editors are being warmly praised by the party leaders for the excellent manner in which they have co-operated this year with the organization.

Huga McGowan, president of the Indianapolis Street Railway company, returned from the east today. It is understood that he has been arranging to obtain finances to carry out the plans of the Interurban Terminal company, which proposes to erect a \$1,000,000 passenger station, a big central freight station and to take care of the interurban cars after they enter the city. It is due to the enterprise of McGowan that Indianapolis is to have the greatest interurban terminal station in the country. It will far surpass the Union station, which is considered one of the finest in the west. An effort is now being made to purchase ground for it near Illinois and Washington streets as possible. In this connection it may be remarked that a test may be made of a law enacted last legislature giving the interurbans the same power of eminent domain as is enjoyed by steam roads. The interurban terminal people have offered to pay a reasonable market value for desirable property, but the real estate sharks want to hold them off. If they refuse to make reasonable terms the company will invoke the law and condemn the land so that an equitable figure will be named. It is expected that the deal will be carried through soon.

Martin Kruger, mayor of Michigan City, and Judge Tutill of the Laporte county superior court were here today in the interest of a movement to locate a naval training school at Michigan City. At the last session of Congress an appropriation was made for a naval station, to be located at some point on the great lakes. Michigan City is wide awake to just such opportunities, so for several weeks Messrs. Kruger, Tutill and other public-spirited citizens have been filing petitions and statistics with the bureau of naval inspection at Washington. The purpose of the visit of Kruger and Tutill to Indianapolis today was to call on the state officials and interest them in Michigan City's claims. It is expected that Admiral Taylor, chief of the bureau of inspection, will send a committee to Michigan City soon to investigate its advantages. Both Senators Fairbanks and Beveridge and Congressman Crumpacker, who represents the Tenth district, have interested themselves in behalf of Michigan City, and with natural harbor advantages it has it would not be surprising if it drew the prize. The committee appointed by Admiral Taylor will visit other points on the great lakes before deciding on a location.

Among the visiting politicians today were Warren Bigler of Wabash, former secretary of the Republican state committee, and H. C. Starr of Richmond, one of the promoters of the new C. R. & M. railroad. Both are members of the executive committee, which, it is understood, will take a room at the state headquarters about Oct. 1, in order to be "in" at the finish of the campaign. The force at the headquarters is now being made larger in order to take care of the work.

The serious illness of the Hon. Frank B. Burk of this city at Jeffersonville is liable to deprive the Democratic state committee of one of its most powerful campaigners, as Burk will hardly be well in time to take part.

Postoffice Robbed. Freetown, Ind., Sept. 10.—The safe in the Freetown postoffice was blown open and completely wrecked, \$300 worth of stamps, all the loose money and two registered letters being taken. The amount of the loss is not definitely known. Postmaster J. D. Lucas had \$237 in an envelope in another part of the safe, but this was overlooked by the robbers. There is no clue to the thieves.

Race Track Closed. Evansville, Ind., Sept. 10.—The Tri-State Fair association, owning one of the finest fair grounds and race tracks in the country, will probably convert the property here into town lots. Lack of patronage is the cause.

HELD TO ANSWER

Boodle Alderman At St. Louis Find Things Getting Warm.

FURTHER INDICTMENTS

Bribery and Perjury Are the Unsavory Charges Resting Against Alleged Boodle Combine.

Nineteen Members of the Gang Are Still At Large and Search Is Being Made.

St. Louis, Sept. 10.—When Judge Douglas adjourned court last night seven of the 19 members of the alleged boodle combine of the house of deputies were still at large and the police and deputy sheriffs are using their best efforts to find them. Developments in the famous case began early, and throughout the day came with startling rapidity.

The most important feature of the day's developments was the finding of new indictments against 19 members of the combine. In addition to the charges of bribery and perjury, in connection with the suburban street railway deal, the members of the alleged combine now rest under additional indictments charging bribery. These were found by the grand jury before which J. K. Murrell testified as to the city lighting scandal of 1900, in which each member of the combine is said to have received \$2,500 in payment for his services in securing the passage of the bill.

Bonds were fixed at \$15,000 for each indictment, making a total of \$45,000 necessary to be secured for the release of any one of the accused. Former Delegates J. H. Schnettler, John Helms, Otto Schumacher and Charles Gutke and Delegate J. J. Hannigan, who spent the night at their respective homes in custody of deputy sheriffs, were locked up in jail because of their failure to secure bonds. Charles Gutke was later released in bonds of \$30,000, on the first two indictments, but was soon rearrested on the bribery indictment, and is still in custody, having failed to secure additional security.

Ex-Delegate Bersch was taken into custody, but was soon liberated. Ed Butler, a wealthy local politician signing his bond to the amount of \$45,000, Butler also went security in like sum for Delegate Charles J. Denny and former Delegate T. E. Albright. He also wanted to secure Gutke's release by filing an additional bond of \$15,000, but Judge Douglas refused to let him sign any more.

The police and sheriff's deputies are still looking for Delegate Charles J. Kelly, former Delegates Emile Hartmann, Louis Decker, John A. Sheridan, Julius Lehmann and Harry A. Faulkner. The last named was released on bond Monday, and the authorities want him on the indictment found yesterday. Faulkner has already been convicted on the charge of perjury in connection with the suburban case. He was out pending an appeal, when the present bombshell burst.

Ex-Speaker of the House of Delegates William M. Tamblin, who has been in Cleveland since Circuit Attorney Folk began his crusade, will return to St. Louis, having been arrested there yesterday. Former Delegate Adolph Madler is somewhere in Colorado, where the authorities are searching for him at the request of St. Louis officials. Ex-Speaker John K. Murrell, Delegate Ed E. Murrell and former Delegate George F. Robinson have turned state's evidence and are where Circuit Attorney Folk can find them when wanted.

Big Judgment Entered.

New York, Sept. 10.—A judgment for \$1,984,000 in favor of Charles B. Brown was entered yesterday in an action brought by him in the supreme court against the Memphis, El Paso & Pacific Railroad company. Brown claimed to be the owner of 1,667 bonds of the defunct company, valued at \$1,000 each, which were issued in 1867. The bonds when they reached maturity were not paid and Brown sued to recover their value with the costs of the suit and the interest which had accumulated on the bonds.

Leaving Danger Zone.

Peris, Sept. 10.—A cablegram has been received from M. Lemaire, governor of the Island of Martinique, saying that measures have been taken to ensure the evacuation of the northern part of the island. Gendarme posts have been established outside the zone of danger, the dispatch continues, and the cremation of the dead at Morne Rouge and Alpina Houlion is progressing.

Ravages of Cholera.

St. Petersburg, Sept. 10.—Official reports show that there have been 4,043 cases of cholera and 2,556 deaths from that disease in places along the East-China railroad since the outbreak up to Aug. 28. The spread of cholera is now abating.

Kokomo Burglars.

Kokomo, Ind., Sept. 10.—Burglars blew open a safe in the meat market of Fred Kollmer and secured \$280. A deposit safe containing \$75 was taken from the home of Dan Albright.

MILES GOING

Lieutenant General Will Shortly Leave for Manila.

Washington, Sept. 10.—Lieut. Gen. Miles yesterday presided over a meeting of the army board of ordnance and fortifications, which is giving final consideration to its annual report to congress. He will leave this city tomorrow for the Philippines, but will stop at Chicago and possibly at other important points on the way to Portland, Or., from which city he will proceed leisurely down the coast of California in order to inspect the recent extensive improvements in the coast defense system on the Pacific. His movements will be timed so as to enable him to take passage for Manila on the transport Thomas, scheduled to leave San Francisco about the 30th inst. Mrs. Miles, Col. M. P. Maus, aide-de-camp, and Mrs. Maus and a stenographer and a messenger from the army headquarters will accompany him. Col. H. H. Whitney probably will join the party later on and return with it to the United States. Gen. Miles expects to forward his annual report to the secretary of war before his departure from San Francisco.

Grady's Son Missing.

Atlanta, Ga., Sept. 10.—Henry W. Grady has disappeared and his friends and relatives are much concerned over his fate. Mr. Grady is the only son of the late Henry W. Grady, editor of the Atlanta Constitution, who at the time of his death was probably the most popular man in the south. Young Mr. Grady was last seen at Norfolk, Va., on Friday of last week, when he left the hotel where he was stopping with his wife and child in order to secure transportation for the return trip to Atlanta, his home. Since that time no trace of him has been found.

Soldier Fatally Hurt.

Laporte, Ind., Sept. 10.—Edward Smith of Ft. Sheridan, Ill., where he is a member of Company G, was found lying on the Baltimore & Ohio tracks at Wellsboro. He wandered onto the track and was struck by a train. He was found by a freight crew and brought to the hospital in this city. His left arm is crushed, his scalp is a mass of wounds and he is injured internally. Smith's father is a wealthy Philadelphian. The soldier's injuries may prove fatal.

Voted For Subsidy.

Peru, Ind., Sept. 10.—An election for voting on the Cincinnati, Richmond & Muncie railroad subsidy of \$24,500 to secure the company's division headquarters here resulted yesterday in a victory for the proposition.

Fourth District Meeting.

The republicans of the Fourth congressional district will meet in convention at Madison at 10:30 o'clock a. m., on Thursday, September 11, 1902, for the purpose of nominating a candidate for congress. The several counties of the district will be entitled to the number of delegates indicated below, and to a like number of alternates: Bartholomew, 16; Brown, 4; Dearborn, 13; Jackson, 14; Jefferson, 17; Jennings, 11; Johnson, 12; Ohio, 4; Ripley, 14; and Switzerland, 8.

O. H. MONTGOMERY, Chairman Fourth District.

Convention Dates.

The republican county convention will be held at the court house in Brownstown on Saturday, September 20, 1902, at 11 o'clock a. m.

The judicial convention will be held at Paoli on Saturday, September 27, 1902, at 2 o'clock p. m.

The congressional convention will be held at Madison on Thursday, September 11, at 10:30 a. m.

W. H. BURKLEY, Ch. J. C. R. C. C.
E. A. REMY, Secretary.

HON. M. L. CLAWSON, the silver tongued orator of Indianapolis, will make the opening speech of the campaign in Seymour Saturday night, September 20.

The democrats of the Seventh congressional district have nominated Jacob P. Dunn. As we see it the democratic candidate might just as well be Dunn first as last, though there has been some objection to the placing of an editor on the sacrificial altar.

POLITICAL GOSSIP.

District Chairman O. H. Montgomery, Louis Schneck, Jno. M. Lewis, Geo. Peter, W. H. Burkley, E. A. Remy, C. W. Keach, S. W. Shields, Dr. Veazey, W. W. Hays, Thomas Summers, and others from this county will leave this afternoon for Madison to attend the district convention tomorrow.

Congressman Griffith and Lincoln Dixon spent Tuesday night in Seymour. Not many people knew they were here. In fact Mr. Griffith never does show himself to many people when he drops in, but he always manages to have a heart to heart talk with a few of the "main spokes" in the big wheel of his political machine. He and Mr. Dixon went to North Vernon from here but they will return and go to Brownstown later in the week.

PRESIDENT ROOSEVELT is being enthusiastically received by the people of the south at every place he stops.

"AS Maine goes so goes the country," Maine has gone republican by an overwhelming majority. There will be a mighty big republican ratification in November.

REMEMBER that Dan Storms, candidate for secretary of state, will speak at the republican county convention at Brownstown September 20. Jackson county republicans will open the campaign that day.

THE city schools are starting off very nicely and the teachers are already getting down to work in the old time fashion. The attendance has increased considerably since the first day.

THE republicans of the Fourth district will meet in delegate convention tomorrow and nominate a candidate for congress. The three candidates so far are Joshua Spencer and Col. R. S. Thompson, of Rising Sun, and Judge W. A. Johnson, of Franklin.

THE republican firmly believes that the projected electric line from Columbus through Seymour and on to Salem and French Lick should be built as quickly as possible. It will pay good money on the investment and will be a great convenience to the cities and towns and the country through which it will pass.

IT SEEMS hard for the Indianapolis News to be fair to President Roosevelt. In an editorial of Monday that paper stated that the President's only policy in reference to the trust question was to amend the federal constitution. Every well advised citizen in the country knows that the President advocates federal supervision, now, under the present constitution, if possible, and to amend the constitution if necessary. It is unlike the News to stand for or against individuals, which fact makes all the more noticeable any unfairness to the chief executive who is deservedly one of the most popular the country has ever had.

Home Talent Suspected.

The people of Freetown believe that home talent gave assistance to the safe blowers who robbed the postoffice there Monday night. At any rate the parties who burglarized the postoffice had gained a knowledge of the local surroundings that was quite accurate.

GULF STREAM MARKS.

The Course of the Flow Through the Ocean Plainly Indicated.

The color of the stream is perceptibly deeper blue than that of the neighboring sea, this blueness forming one of the standard references of the nautical novelists. The depth of color is due to the high percentage of salt contained as compared with the salt green water of higher latitudes, observation having shown that the more salt held in solution by sea water the more intensely blue is its color. Thus even in extratropical latitudes we sometimes observe water of a beautiful blue color, as for instance, in the Mediterranean and in other nearly landlocked basins, where the influx of fresher water, being more or less impeded, the percentage of salt contained is raised by evaporation above the average, says the National Geographic Magazine.

Another important fact in connection with the stream is its almost tropical temperature, due to the fact that its high velocity enables it to reach the middle latitudes with very little loss of heat. Upon entering its limits the temperature of the sea water frequently shows a rise of ten degrees and even fifteen degrees. It was this fact that gave to the stream in the later years of the eighteenth century and the earlier years of the nineteenth an importance in the minds of navigators that it no longer possesses. In these days the chronometer, invented by Harrison in 1765, was still an experiment. Instruments were crude and nautical tables often at fault.

The result was that the determination of the longitude was largely a matter of guesswork, a vessel after a voyage from the channel to America often being out of her reckoning by degrees instead of by minutes. The idea, first suggested by Benjamin Franklin, that the master of a vessel, by observing the temperature of the surface water, could tell the moment of his entry into the gulf stream and could hence fix his position to within a few miles was hailed with delight.

The method was published in 1790 by Jonathan Williams in a work lengthily entitled "Thermometrical Navigation: Being a series of experiments and observations tending to prove that by ascertaining the relative heat of the sea water from time to time the passage of a ship through the gulf stream and from deep water into soundings may be discovered in time to avoid danger." In this work he makes a patriotic comparison of the gulf stream to a streak of red, white and blue, painted upon the surface of the sea for the guidance of American navigators.

Don't Be a Second Class Man.

You can hardly imagine a boy saying: "I am going to be a second class man. I don't want to be first class and get the good jobs, the high pay. Second class jobs are good enough for me." Such a boy would be regarded as lacking in good sense if not in sanity. You can get to be a second class man, however, by not trying to be a first class one. Thousands do that all the time, so that second class men are a drug on the market, remarks Success.

Second class things are only wanted when first class can't be had. You wear first class clothes if you can pay for them, eat first class butter, first class meat and first class bread, or, if you don't, you wish you could. Second class men are no more wanted than any other second class commodity. They are taken and used when the better article is scarce or is too high priced for the occasion. For work that really amounts to anything first class men are wanted.

The Home of England's Wealth.

The Bank of England generally contains sufficient gold in sixteen pound bars to make 20,000,000 sovereigns. The bank, which stands in three parishes, covers three acres of ground, and, as the current price of land in the vicinity works out at £1,000,000 an acre, it is easy to form an idea of the money value of England's wealth. The ratable value is about £1,000 a week. The bank employs about 1,000 people, pays a quarter of a million a year in wages and £35,000 a year in pensions. There are £25,000,000 worth of notes in circulation which have been handed over the bank's counter.—London Globe.

A Suspicious Case.

Greene—Do you suppose Ketchum is honest, or has he designs on me, do you think?
Brown—Why, what has he been doing now?
Greene—He borrowed an umbrella at my house last night, and he returned it the first thing this morning. It looks suspicious, don't you think?—Boston Transcript.

An Obliging Husband.

"Why do you offer such a large reward for the return of that ugly dog?"
"To please my wife."
"But such a reward is sure to bring him back."
"No, it won't. He's dead."—San Francisco Chronicle.

Sunday School Workers.

The meeting of the Jackson county
Sunday School Association at
Brownstown, last week, was an oc-
casion of interest and profit to workers in
the cause and altogether very satis-
factory. At its close resolutions were
adopted commending the work of the
county officers and especially thanking
the visiting instructors, Miss Frayzer
and Prof. Cox, of Kentucky; Messrs.
T. C. Gebauer and J. F. Edwin, also
the ministers and local workers who
gave counsel and assistance.

Thanks were also extended to the
Committee on Entertainment, to the
messenger boys, for the use of the
churches and to the citizens for hos-
pitalities extended, and to the press of
the county for liberal notices and re-
ports. The resolutions also recom-
mended the plank of two town-
ship organization, normal, home class
and primary work, and endorsed the
plan of the Ways and Means Com-
mittee.

The convention also extended sym-
pathy to its former president, Rev.
Joseph Gruber, in his sufferings; and
the sincere thanks of the convention
were expressed to the acting president,
Dr. Bates, who is soon to leave the
county for a new field of labor.

Tripoli in Owen

A specimen of tripoli or infusorial
earth from Mooney, Jackson county,
was received at the office of the state
geologist Friday. It is not unlikely,
Prof. Blatchley thinks, that there may
be a great deal of wealth for the land
owner. The geologist will make a
special investigation of the tripoli re-
ported from Jackson and Scott coun-
ties. The sample received was from a
vein ten feet below the surface and be-
tween four and five feet deep. Pro-
fessor Blatchley says good tripoli is
worth about \$1 a ton. It is used for
packing boilers, steam pipes and
safes. It is a good non-conductor. It
is called infusorial earth because it is
made up of the remains of small water
animals called infusoria. The entire
production in the United States in 1900
was 3,613 tons and it was sold for
\$24,207.—Indianapolis News.

MARRIED.

REBEKKA POLLARD.

At 2:30 o'clock Wednesday afternoon
William Rebber, of Seymour, and
Miss Minnie Pollard, of Sauers, were
united in marriage at the German
Lutheran church by Rev. Phillip
Schmidt. A bountiful dinner and
supper was served at the home of the
groom's parents on west Fifth street.
A large company of friends and rela-
tives were present. The bride and
groom received many valuable pres-
ents. They will begin house-keeping
at once in their own home on Oak
street. The REPUBLICAN joins their
many friends in congratulations.

DIED.

JONES—The infant child of Eliza
Jones and wife died at their home in
south part of town Tuesday night.

SUTTON.—Miss Cera Sutton died at
her home near Flemings at 7:30 Tues-
day evening, September 8, of con-
sumption, aged fifteen years. Funeral
Thursday at 10 o'clock conducted by
Rev. David T. Newsom.

GEORGE—Alonzo George of Jennings
county died Tuesday night of Brights
disease, aged 53 years.

Attractive Pictures.

In the Racket Store window there
are over a hundred pictures taken by
Glen Schwing on his recent trip to
California. It is a fine collection, pic-
turing many interesting scenes of a
very interesting trip to the Pacific
coast.

CARMI, ILL.

The White county fair which was
held last week was a huge success.

L. M. Cross had 42 entries in the
floral hall at the fair, and secured
premiums on almost all of them.
Among the entries were displays of
corn and grapes on which he secured
first. He also exhibited some very
fine specimens of egg plant and man-
goes.

Prof. A. M. Reddy and wife leave
this week for their home at Omaha,
Ill., where the Prof will have charge
of the Omaha schools the coming year.

Frank S. Ackerman is hauling ma-
terial for a new residence. It will cost
\$1,500 when completed.

Henry S. Ackerman has purchased
another tract of land, this one con-
sisting of 14 acres of fine soil, joining
his home 40. It cost him \$1,000.

Miss Edna White, of Indianapolis,
is visiting friends and relatives at
Engel and Carmi.

L. M. Cross went angling in the
Wimpling Wash last Friday.

Mrs. Mollie Brooks is on the sick
list with malaria. She and children
spent last week at her father L. M.
Cross'.

Stocker Wheeler has sold his prop-
erty in Carmi, and it is alleged that
he has the Arkansas fever.

ready for the plasterers.

Want to Play the Reds.

The manager of the Idaho Stars, of
Vincennes, requests the REPUBLICAN
to publish the following paragraph:
"The Idaho Stars, the crack colored
team of Indiana, wishes to meet the
famous Seymour 'Reds' at their own
park on next Sunday, Sept. 14, for
one game."

Not Doomed to Life.

"I was treated for three years by
good doctors," writes W. A. Grace
McConnellville, O., "for piles, and
fistula, but, when all failed, Bucklen's
Arnica Salve cured me in two weeks."
Cures burns, bruises, cuts, corns,
sores, eruptions, salt rheum, piles or
no pay. 2c at W. F. Peter's Drug
Co.

The Farmer's Trouble.

In the REPUBLICAN office window is
a cartoon, made and presented to us
by Alpha Cox, which pictures a farmer
standing by an immense stock of corn,
such as every farmer has this year.
He is looking up at a big ear, much
above his reach, and soliloquizing:
"How will I ever get it down?"

Fortune Favors a Texan.

"Having distressing pains in head,
back and stomach, and being without
appetite, I began to use Dr. King's
New Life Pills," writes W. P. White-
head, of Kennedale, Tex., "and soon
felt like a new man." Infallible in
stomach and liver troubles. Only 25c
at W. F. Peter's Drug Co.

A tramp, who admits that he has
been trying to locate himself in every
county poor house between here and
Illinois struck town this morning and
related his tale of woe. He was pas-
sed out of town and to North Vernon
on No. 2 by the township trustee.

Frank Burke, noted democratic pol-
itician, formerly of Jeffersonville,
now of Indianapolis, underwent a
surgical operation at Jeffersonville,
at the Mercy hospital, for perinephritis
abscess. He stood the operation well
and is getting along very well though
he is not out of danger. Mr. Burke
has many acquaintances in Seymour.

One Hundred and Seventy-nine Bat-
tles were Fought on or Adjacent
to the Baltimore & Ohio
Railroad.

The Baltimore & Ohio Railroad and
the Civil War, 1861-1865.

It was the first and most desirable point
of vantage covered by both the Federal and
Confederate armies. In May, 1861, the four
Federal advance columns concentrated at
Parkersburg, W. Va., Wheeling, W. Va., Har-
pers Ferry, W. Va., and at Washington. To
retain the advantage, the Federal govern-
ment established block houses along the
railroad from the Monocacy to the Ohio river,
besides forts at Winchester, Harper's Ferry,
Cumberland, Piedmont and New Creek (Key-
ser). The B. & O. was the base of operations
for the Federal army for nearly four years
and from which the government could not
take advantage line earlier than November,
1861. The B. & O. was the means of commu-
nication between the West and the Army of
the Potomac, and was consequently in a con-
tinued state of siege. Harper's Ferry is the key
to the Shenandoah Valley, first famed
through the fanatical attempt of John
Brown, in defying the laws and customs of
his country, was captured or re-captured
eight times in three years. The government
arsenal and armories which were located
there, were destroyed by the government to
prevent their capture. One Hundred and
Seventy-nine Battles of Greater or Less Im-
portance were Fought on or Adjacent to
the Baltimore & Ohio Railroad not taking into
consideration the innumerable skirmishes.

Trains of the B. & O. S-W. will take you
through the same territory enroute to the
33rd Annual Encampment, G. A. R. at Wash-
ington, October 6-11, and very low rates will
be made from all points on the B. & O. S-W.

Agent, Cincinnati, Ohio.

The Scout's Revenge.

The management of the Seymour
Theatre announce a fine line of at-
tractions for the coming season. Some
very strong melodramas have been
secured, notably "The Scout's Re-
venge," which will make its appear-
ance here next Monday night. It is a
grand scenic production, complete and
thorough, with a fine cast of capable
performers. The play is from the pen
of John Arthur Fraser, who has been
responsible for many successes. If
you like melodrama, don't miss this
one.
